GASOLINE LAUNCH EXPLODES AT DOCK

Calamity Which Would Have Resulted Had Boat Left Dock is Averted by Few Seconds. Noise Heard Great Distance.

The large launch of Thomas Bauerlein exploded at its dock in the rear of the Bauerlein residence Sunday evening at 10 o'clock and narrowly missed injuring perhaps a score of people. As it was Mr. Bauerlein was severely burned and several waiting passengers suffered severely from fright.

The cause of the explosion is not exactly known. It is thought that a spark from the motor ignited some loose gasoline and that the flames from this crept to the main tank which then exploded. The explosion was so large that it blew up the flames and the acetylene tank and this likewise exploded. The reports drew all of the residents within a radius of a block to the river bank. Many from Edgewater on the opposite side of the river rushed down to the bank to learn the cause of the noise.

Mr. Bauerlein and several men who were waiting to take a trip up the river rushed to the Bauerlein home for blankets as soon as the flames enveloped the boat and with the aid of these and all additional blankets and pillows taken from other boats succeeded in smothering the blaze. Great damage had been done, however, before the flames were extinguished.

The frame of the boat was not injured structurally by the fire although it was considerably scorched and all paint burned off. The tank and several fixtures of the motor will need replacement but it is not believed that the motor itself was damaged. Mr. Bauerlein was just about to take a number of passengers up the river when the accident occurred.

TRAIN SIDEWIPES FUNERAL PROCESSION

Two Men Hurt, Two Horses Killed and Hearse Demolished—Corpse Escapes Unscathed.

ELKHART, Ind., Aug. 3.—Livestockman D. R. Bowles was seriously injured, Undertaker C. Edwin Walley was painfully hurt, two horses were killed and a hearse demolished at 9:45 o'clock Sunday morning when a Big Four excursion train, enroute from Anderson to Benton Harbor, crashed into a funeral procession on the Midway st. crossing.

Mr. Bowles' most serious injuries are to his spine and pelvic bone, while his head and right forearm were cut and bruised. Mr. Walley sustained painful bruises to his right knee, face and head.

Sunday night, Mr. Bowles was reported as resting comfortably and Mr. Walley was able to be about his place of business.

The hearse, bearing the body of August Weber, who died Thursday, was enroute to the Graceland cemetery following funeral services held at the Walley chapel. The officiating minister in his carriage, the snegs in their vehicle, and the pall bearers in their coach, had preceded the hearse over the crossing and the occupants of all three had made frantic but futile effort to warn Messrs. Bowles and Walley, who were on the driver's seat.

The engine sidwiped the funeral car in such a manner that it made kindling-wood of three wheels and

Three Rivers Team Easy After Fifth Inning—Four Three-Base Hits Help in Piling Up the Score.

Mishawaka's star baseball aggregation ran away with the Three Rivers' team Sunday afternoon on the north side diamonds defeating them by a score of 12 to one. The game started out well and up until the fifth inning gave promise of being a closely contested match. Neither team scored until this inning. The opposing team seemed to go to pieces however with the game half over and the locals ran in their 12 runs. Two of these were made in the fifth, four in the sixth and seventh innings and two again in the eighth. Three Rivers' lone score was made in the ninth inning.

After the balloon went up it was a slugfest pure and simple. Four local batters, Philion, Wertz, Fisher and Schellhut slammed the ball out for three base hits.

Inability with the stick was a great factor in the defeat of the losers. At times they displayed flashes of good fielding but were unable to do anything at the bat. The superb pitching of Fisher was great responsible for this also.

A large crowd witnessed the contest. The game had been well advertised and the Three Rivers team came with a good record for the season. However they were unable to display their form, if they possess any, in Sunday's contest.

The local team has developed wonderfully in the past three weeks and the management plans listing a stronger lineup of teams for the remainder of the season. A good contest is promised for next Sunday.

Sunday's game by innings was as follows:

WATER DEPARTMENT INSTALLING METERS

Practically all of the 500 water meters for use on residence connections, ordered by the water works department some time ago, have been installed. A force of men has been busy on the work for several days and practically completed work Saturday.

The department has ordered a number of large meters for factory use. These have not as yet arrived but will be installed as soon as received. Within a short time the city expects to have all water metered and by this means expects to effect a great saving in the amount consumed. It is believed that the time the pure water is turned into the mains from the new east end pumping station.

Not a Dollar Need Be Paid Unless Cured!

MEN—You have only one life to live. Why not live it in full enjoyment of vitality? To gain a cure is more important than all other earthly considerations. It means freedom from anxiety and suffering. It means a stronger hold upon life and broader field of opportunity. Many of my patients express regrets that every person who is afflicted do not know and understand what I can do for them—many report their own experiences over and over, telling why they were in doubt before they came to me, and how sorry they were that they did not sooner learn of my treatment, which was absolutely reliable. I am the only specialist in South Bend who makes no charge unless the patient is entirely satisfied with the result accomplished, and who give a written guarantee of not a cent to be paid for service if a complete and permanent cure is not effected.

TOO MUCH SLIT SKIRT RUINED HIS EYES?

Doctor Prescribes That Youth Go Home at an Early Hour—Throws Away His Glasses.

ELKHART, Aug. 3.—A well known Elkhart young man who has been bothered with a puzzling ailment to his eyes, was able to learn the real cause of the trouble through the close observations of an optometrist friend.

For some time both the eye doctor and young man were puzzled by when the optic physician learned that among the young man's habits was one of standing nightly on a prominent street corner and "eyeballing" the costumes of young women who passed, he realized that he had solved the puzzle.

"Too much slit and filmy skirt and silk stockings. Go home at 6 o'clock every night for a week," was the doctor's prescription. The young man obeyed. He has "ditched" the glasses and is still going home at the early hour.

LAKE SHORE TO BUILD EMERGENCY HOSPITAL

That the Lake Shore railroad is certain to build an emergency hospital in Elkhart is the belief of local officials who declare that the company's refusal to contribute to the new general hospital is the first step towards the erection of an independent institution to care for injured railway employees.

The company has long contemplated such an action," asserted one

WAS STILL HOT YESTERDAY

Again Sunday, Old Sol scored several points in the great heat battle being contested on the weather battleground. When Saturday's northerly winds turned and came back, the high temperature was 83 degrees.

able to send the mercury to the 92 degree mark, or six points higher than the maximum for the day previous.

However, the cool winds had their innings early in the morning, sending the silver thread down to the 61 notch.

The high notch Sunday is only four degrees below the maximum for the season and at that the familiar saying, "Is it hot enough for you?" was of no avail.
